flu and RSV

*Full genome sequencing is an additional service from Avellino. For more details contact Avellino.

†Avellino must receive complete patient and test ordering information at time of sample receipt in order to provide test results in 6-24 hours. Patient must provide contact information and consent in order to receive results directly.

**What is the AvellinoCoV2 Covid-19 Test? (EUA Authorized Covid-19 PCR test)

Non-invasive test to detect the Sars-CoV-2 virus that causes COVID-19 from nasopharyngeal, oropharyngeal, and/or mid-turbinate swab specimens.

††What is the AvellinoCoV2 Respiratory Test? (EUA Authorized Covid-19 test + CLIA Lab Developed Respiratory Test)

In addition to detecting the Sars-CoV-2 virus that causes COVID-19, this non-invasive test includes a separate respiratory panel to detect Influenza A/B, and/or Respiratory Syncytial Virus (RSV) from nasopharyngeal, oropharyngeal, and/or mid-turbinate swab specimens.
